

Rounded Wall Hooks Set

Recommended print settings:

Layer height 0.2 mm
Infill 50% (PETG) / 40% (PLA)
Supports not required
Approximate time 4–5 hours for the set of three

Wall mounting:

Fix through the rear cavity with a 4 mm screw and wall plug.
PETG is recommended for coats and bags; PLA suits lighter items.

Included in the full download:

STL, OBJ and 3MF files in three graduated sizes,
plus the complete guide covering finishing and mounting.
